 Secretary
 Treasurer

BOARD MEETING HIGHLIGHTS – September 14, 2009

2009-2010 Organizational Meeting

The Board of Trustees selected the committee members and committee chairpersons. This information will be posted on the KSD web site and in the local paper. The regular meetings of the Board will be held the second and fourth Monday of each month. When a board meeting falls on a long weekend the scheduled meeting will occur on the Tuesday immediately after. Congratulations to Vaughn Wadelius who was elected Chairperson and to Linda Buchanan who was elected Vice-Chair.

Business/Community

The trustees will be meeting informally over a luncheon with the Education Board from Opaskwayak Education in late September. The board members will be discussing common issues.

The community can access school and divisional information by going to the KSD web page at www.ksd.mb.ca. Updated links can be accessed there to find more information about H1N1. The public is also invited to visit the School Boards Work web site at www.schoolboardworks.ca to review a variety of information about Manitoba school activities.

Building and Maintenance Committee

A motion was passed at the regular board meeting to refer a request from the PAC of Ecole Opasquia to the Building and Maintenance Committee. The request is for a tire maze on the playground.

Technology

The Board of Trustees authorized the administration to make the Computer Technician Assistant position full time to meet the increased demands on that department and to make the position more attractive to potential applicants.

Celebrations

The Board of Trustees would like to extend a warm welcome to all new staff to the school division. The trustees will be meeting with all new staff on September 25 to extend the welcome on a personal note.

Pandemic Plan

The Board of Trustees received the draft copy of the division Pandemic Plan. The draft has also been shared with the various stakeholders in the school division.

The schools will be encouraging a variety of preventative actions including additional hand sanitizing stations. Parents should have received information from the schools on the various prevention strategies.

If you have any questions about the highlights or other business of the Division, call one of the trustees or the Division office. The numbers are posted for your convenience.
