**BOARD MEETING HIGHLIGHTS – October 26, 2009**

**Education and Liaison Committee**

The committee set its goals for the school year and will be reviewing technology plans, graduation rates, assessment data and meeting with all school administration and student councils. Once again the middle school and high school student councils have been given an opportunity to do a matching funds project that will benefit the students and the school.

**Business and Community Committee**

The committee will be reviewing the cafeteria project, encouraging more “student voice” activities and connecting to various community groups and agencies. Plans are underway to initiate activities between the Board and students from each school.

**Surveys**

MBCI students will be participating in a survey carried out by the UCN Law Enforcement class.

**Finance Committee**

The committee met and reviewed the financial statements. Current spending is on track for the year. Staff members are beginning to plan for next year’s budget needs. In the new year, the public will have an opportunity to get more information on those requests and have an opportunity to ask questions of the budget proposals the Board will be considering for inclusion in the 2010-2011 budget.

**Resolutions Committee**

Three trustees were appointed to sit on the committee. They will be reporting to the Board on possible resolutions that could be taken to the Manitoba School Board Association regional and provincial meetings.

**Recognition of Service**

On November 2, the staff of Kelsey School Division will be recognized for their commitment to the students of the division. Recognition awards are presented for five, ten, fifteen, twenty, twenty –five and thirty years of service. The recipient of the KSD recognition Award will also be honored at that time.

If you have any questions about the highlights or other business of the Division, call one of the trustees or the Division office. The numbers are posted for your convenience.
