VANDALISM

The Board is not responsible in any way whatsoever, for any act of the students, in and around the school grounds or elsewhere, during school hours, of a torturous or criminal nature, including, and not to restrict the generality of the foregoing, injury or damage, whether accidental or deliberate caused by any student to any person or property.

If there is a break-in at a school, principals should:

- 1) call the police, regardless of the alarm system, since break-ins which do not activate the alarm system may possibly occur.
- 2) notify the Superintendent or the Secretary Treasurer, who will contact insurance adjusters if necessary, and the Director of Maintenance and Transportation, who will arrange for cleanup.
- 3) principals must then carefully assess damage and losses.
- 4) prepare a complete report of them and forward it to the Secretary Treasurer with a copy to the Director of Maintenance and Transportation and to the Superintendent.

Principals are advised not to keep large amounts of cash in the school.

P.S.A. Regulation S.M. 1996c.51 Section 58.8
