SCHOOL BUS SAFETY PROGRAM

School bus ridership training

As required by regulation under Provincial Statute, (1) the Board shall, at least twice during each school year, ensure that each student is instructed in safe school bus riding practices and participates in emergency school bus evacuation drills. These exercises shall be conducted at least once during the period September 1 to December 31, and at least once during the period January 1 to June 30.

Every driver of a school bus shall:

- . Inspect any vehicle under their control which has been involved in an accident, before proceeding on the route, and shall not proceed with school children as passengers until they are satisfied that the vehicle is in a safe operational condition.
- . Inspect any vehicle under their control which has been in an accident or subject to unusual strain, before commencing another trip.
- . Conform to the plan for loading and unloading at the school, prepared by the principal.
- . Before proceeding over a railroad crossing which is not controlled by light signals, bring the vehicle to a stop, check both ways for clearance of railway if right-of-way is free of traffic. Driver shall not shift gears while crossing the railway track.
- . Park a school bus off the main road when it is not being used for conveying children. When a school bus is disabled, markers, flags, or flares should be properly set out to indicate the road hazard in accordance with the Highway Traffic Act.
- . Aid any person injured in an accident.
- . Operate the appropriate directional signal while the bus is loading or unloading on a highway.
